Mesers, Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all of her human beings may be truthfully called the "Dear F riend of Woman," as some of her correspondents love to call her. She is realously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering; or joy at release from it. Her Vegetable Compound is a readleine for good and not will purposes. I have personally investigated it and am asticated of the truth of this.
On account of its proven merits, it is "recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhea, irregular and painful Menstruition, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permentes every portion of the system, and gives mee life and vigor. It removes faintness, fatalency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Elecating, Headaches, Servous Prostration, General Debility, Sleeplessness, Depression and Indig-stion. That feeling of bearing down, causing pain, "eith and beakche, is always permanently cured by its use. It will at all times, and then sure the surface of the system.

It corts orly the per bottle or six for \$5. and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Eidney Compolaint of eith re sex this compound is unsurpassed as abundant testir rouisla show.
